The Boneyard Arts Festival has grown into an 'open source' festival that Champaign County residents have truly made their own. Last spring, the Boneyard featured over 130 different venues - both indoors and out - where residents and visitors alike could partake of an incredibly diverse range of performing, spoken and visual art offered by nearly 500 artists from all backgrounds.

Among many other films S.U.R.G.E.! is happy to feature:

**A Radically Different World View Is Possible,  
The Gift Economy Inside and Outside of Patriarchal Capitalism**

conference organized by the Foundation for a Compassionate Society and Genevieve Vaughan.  
The film, Pt 6 of 9, includes Corinne Kumar, Patricia Pearlman, Vicki Noble, Maria Jimenez
